Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Street Railway Accidents: Compiled for the Use of the Trial Department of the New York City Railway Company These monographs respecting diverse surgical ailments are the outgrowth of requests from the Trial Counsel for information on respective subjects. It was finally deemed advisable to anticipate such demands by furnishing articles on the more common injuries alleged, and these took the form of manifolded typewritten brochures. The list has now grown large enough to warrant publication in the present form, and in offering the following pages, no attempt has been made to exhaustively treat any given topic, the aim being to furnish the necessary working knowledge for Trial purposes; and to give enough technical explanation to understandingly consult recognized quoted or mentioned standard authorities. There has constantly been in mind the description of the average and usual, rather than the exceptional or unusual case, and careful mention has been made of the elements liable to modify the causation or outcome of a given injury. The diagrams used were obtained through the courtesy of the medical publishers, W.B. Saunders Company, of Philadelphia.
