Learning the theory of Disaster Psychiatry is one thing; applying it in the midst of a disaster is another. The International Medical Corps selected me to form a mental health crisis team serving five IMC mobile medical clinics in Petit-Goave. 70 to 80 of houses were damaged or destroyed killing large numbers; people constructed tent cities everywhere. Survivors from the Capitol poured steadily into the area. During the time of Papa Doc Duvalier in the 60s I worked as an anthropologist in Haiti outside of Leogane, doing research on voodoo spirit possession. When the devastating 7. 1 magnitude earthquake hit Haiti in January, 2010, my deep love for her people moved me to volunteer. Leogane was the epicenter of the quake. A child psychiatrist, I worked with traumatized Haitian families, training Haitian doctors and nurses in disaster psychiatry, at the same time rediscovering myself in the midst of this devastating tragedy.
