THE UNREVEALED SECRETS OF HACKING & CRACKING - HACK BEFORE YOU GET CRACKED

Unicorn Books, 2012. Paperback. Book Condition: New. This book serves as a complete reference for information security including IT security, data security, network security, internet security, penetration testing, cryptography and laws governing the industry * The book describes the tools and penetration testing methodologies used by ethical hackers, and provides a discussion of what and who an ethical hacker is and what role he plays in protecting corporate and government data from cyber attacks * It also offers an understanding of how to effectively protect data and computer networks * Finally, it presents the subject in a simplified manner so that even a beginner dealing in a security environment understands and implements information security at personal and corporate levels.
