

Earth: Our Home in the Solar System (Hardback)

By Ellen Lawrence

Ruby Tuesday Books, United States, 2013. Hardback. Book Condition: New. 258 x 208 mm. Language: English . Brand New Book. Did you know that Earth is zooming around the Sun at about 66,000 miles per hour (107,000 km/h)? Or that Earth's crust is made of giant pieces that fit together like a jigsaw puzzle? And did you know that there are huge mountains under the ocean, and enough salt in the oceans to cover the whole Earth with a salty layer as high as a 50-story building? These and dozens of other fascinating facts provide a perfect high-interest introduction to the planet in the solar system that we call home, Earth. Filled with information perfectly suited to a second-grade audience, this accessible, high-impact book combines solid science, technology, and even math with up-to-the-minute information, odd and often quirky facts, and astounding space and earth photography. It also provides plenty of surprises and teachable moments that will draw young children into a rewarding, kid-friendly reading experience.

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
